

NORWEGIAN MINISTRY
OF PETROLEUM AND ENERGY

International CCS Conference

Minister of Petroleum and Energy Tord Lien
@tordlien

Langesund 20.May 2015

CLIMIT

- **The Norwegian RD&D CCS programme**
 - About 1,7 billion NOK in public funding for about 300 projects since 2005
- **Administrated by Gassnova and the Research Council of Norway**

Why CCS?

- Global energy demand is rising
- Fossil fuels will continue to play an important part of the energy mix
- CCS is the only available technology that enables reduced emissions from the production and use of fossil fuels
- CCS must be deployed globally to reach the full potential

Population growth

Increased welfare
